NOTE No: 1 FOR TRAINS M-PALT (EX #161) and M-LTPA (EX #162): These two trains are direct competition to the UP's line across LA from Livonia, LA to Houston, TX or Beaumont, TX and the BNSF (Former SP) from New Orleans to Houston. Although the BNSF does not have switching rights in Lake Charles, they do set out and pick up there. These trains started due to delay problems getting cars into and out of the UP's HUGE new hump yard at Livonia, LA. (Currently shoving some 3000+ cars a day over the Hump!)
